The "Burnside" floor plan is a spacious two-story home with four bedrooms, three and a half baths, an office, and a loft with just over 2600 sq feet! You will enter this home from the front stoop into the foyer / office and then into the open living room, kitchen, and dining area. The living room is centered around a vent-less gas fireplace with wood trim casing, granite surround and a stained beam mantle and looks out to the HUGE covered rear porch and yard. The gourmet kitchen features custom painted cabinets with 5-inch hardware pulls and under cabinet lighting, large center island with sink and overhanging pendant lights, 3 cm Via Lactea granite counter surfaces, 3x6 ice white subway tile backsplash, stainless appliances including a 36" 5 burner gas cooktop with a single wall oven and built-in microwave, custom hood vent and a walk-in corner pantry. The master suite is located off the rear of the home with a spa-like bathroom with dual sinks, separate tub and shower and spacious walk-in closet. Upstairs features a loft / playroom area, three bedrooms with walk-in closets, and two full baths. The spacious utility room, a mudroom with built-in mud bench and the powder room are located downstairs off the garage entry. The yard is professionally landscaped and fully sodded!
